A little care goes a long way.

Simple tips for enjoying your flowers at home.

---

01 **Start with a clean vase.**

Fill it with fresh water before arranging your flowers.

02 **Give the stems a fresh cut.**

Trim the stems before placing them in the water.

03 **Keep the water clear.**

Remove foliage that would sit below the water line.

04 **Choose a gentle spot.**

Keep flowers away from direct heat and strong sunlight.

05 **Check them each day.**

Top up the water and remove any fading stems.
