- I have taken the decision to not mix artificial from another company and fresh from me for any weddings in 2024 onwards.
- A booking fee of £100 is required to secure the date - this is then taken off your final invoice, full payment is required 2 weeks before the wedding.
- All flowers will be delivered personally by me, I will show you how to hold your bouquet for full visual impact (there may be a delivery charge dependent on distance)
- Next step - call or email to arrange a consultation where we can discuss your dress, colour scheme and plans for the day!

- I then work on a proposal for you, this includes a personal mood board, I suggest flowers and styles and what will work for you and your budget.
